PROFESSIONAL SUMMARY

Frontend developer with 6+ years building web and mobile products with React, React Native and TypeScript. I focus on scalable, reusable interfaces and the interaction details that make a product feel considered. I have led frontend teams, defined component architecture and integrated applications with REST APIs — and a backend background in Node.js and NestJS makes full-stack collaboration straightforward.

PROFESSIONAL EXPERIENCE

BDG

Frontend Developer

Jan 2026 - Present

Client: Walmart Costa Rica

Frontend development on BDG's client engagements, building interfaces to each client's requirements.

Novacomp

Full Stack Developer

Jan 2026 - Apr 2026

Three-month full-stack project engagement on an existing web platform.

- Reworked the UX/UI of the platform, improving its interface and interaction patterns.
- Built new features into the existing web system.

Technologies: Node.js, NestJS, React

System of the Box S.A. de C.V.

Software Developer

San Salvador, El Salvador

Apr 2021 - Sep 2025

- Built frontend applications with React and TypeScript.
- Developed mobile applications with Ionic, React and TypeScript.
- Led the frontend team technically and established shared engineering practices.
- Worked alongside the backend and design teams throughout delivery.
- Supported and maintained web and mobile applications in production.

Technologies: React, TypeScript, Ionic, React Native

I-Strategies

Analyst Developer

San Salvador, El Salvador

Feb 2020 - Apr 2021

- Built frontend applications with React, Angular and TypeScript.
- Developed mobile applications with React Native.
- Led the frontend team technically and established shared engineering practices.
- Rotated across frontend, backend and design work.
- Collaborated with the backend team using Node.js and Express.js.
- Supported and maintained web and mobile applications in production.
- Mentored interns and new team members.

Technologies: React, Angular, TypeScript, React Native, Node.js, Express.js

Arisa Consulting S.A. de C.V.

Software Developer

San Salvador, El Salvador

Nov 2019 - Feb 2020

- Created and led the company's process digitalization project, implementing a PHP–MySQL solution to streamline internal management.
- Designed frontend interfaces with HTML5, jQuery, Bootstrap and CSS3, easing the move from manual to digital workflows.
- Built interactive features with Ajax.

Technologies: PHP, MySQL, HTML5, jQuery, Bootstrap, CSS3, Ajax

INDEPENDENT WORK

Environmental claims platform · US-based client

Software Developer, Freelance

Sep 2025 - Aug 2026

Web application for registering, tracking and resolving reports of illegal tree felling.

Technologies: Flutter, Dart, Firebase, Node.js

Institutional projects system

Software Developer, Freelance

2024 - 2025

Web platform for administering and tracking government initiatives.

Technologies: React.js

Private educational institution

Full Stack Developer, Freelance

2024

- Built a system with React.js, NestJS and MongoDB covering enrollment, grades, student records and online payments.
- Designed and developed a React Native app with NestJS and MongoDB to manage transport routes, students and digital payments.

Technologies: React.js, React Native, NestJS, MongoDB

SELECTED PROJECTS

1Bit — Official website — Astro, Tailwind CSS, Three.js · 2026 · 1bitcompany.com/es

VaultDeploy — NestJS, React, TypeScript, MongoDB, Docker · 2026

3D Virtual Fair — Angular 10.0.4

Financial Services Admin & Mobile App — React 16.3.2 · React Native 0.60.0

Online Banking — React 16.13.1

SKILLS & TECHNOLOGIES

Frontend: React, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Angular, Astro

Backend: Node.js, Express.js, NestJS, MySQL, PostgreSQL, MongoDB, REST APIs, GraphQL, Java

Mobile: React Native, Ionic (Angular & React), Flutter (Dart)

Tools & Infrastructure: Git, GitHub, Docker, Vite, Figma, AI tooling

Architecture & Practices: SOLID, Clean Code, Component reuse, Frontend team leadership

EDUCATION

ITCA FEPADE

Technician in Computer Systems Engineering

Santa Tecla, El Salvador

Feb 2017 – Oct 2019

CERTIFICATIONS

Advanced English Course Certificate — English for Call Center (E4CC), 2025

React Native: Native Applications for iOS and Android — Udemy, 2022

JavaScript: Creating a Loan EMI Calculator — Udemy, 2021

CCNA1 — CISCO, 2019

IT Essentials — CISCO, 2019

LANGUAGES

Spanish: Native · English: Professional working proficiency (B2/C1)

RECOGNITION

Recognition Diploma for a hotel and restaurant management platform — Chamber of Commerce of Guatemala, Quetzaltenango branch, 2024
